Re: End of Year – Pepperberry's Preschool Graduates

Dear parents/carers,

As we move towards the close of another school year and our preschool children have now graduated and will very soon make their transition to the local schools and start their journey in the Reception class, I would like to take this opportunity on behalf of the board of Directors and the Nursery Management Team, to thank you all for all of your support and contributions towards the nursery and our children's development this year and beyond.

It gave me great pleasure to join our parents and families yesterday and celebrate the Graduation Class 2019. I am extremely proud of our young graduates who have successfully gone through an important phase of learning and development that lays the foundation of life-long learning. Those children are a real credit to you as parents and carers and to our nursery.

Outstanding teaching in every room is seen through the progress made by our children in every age group and is evident in children's development tracking and testament to their hard work and the skills and dedication of all Pepperberry's practitioners that have contributed to this over the years in all the different rooms. All the hard work the practitioners have put into planning, teaching, encouraging and modelling from the baby room all through to the preschool rooms has come to fruition as we are very confident that our preschool children are now school ready.

Our aim is to provide a broad and balanced foundation education for all our children within a happy, stimulating and healthy environment where each child learns, enjoys and flourishes in our care and we hope you have experienced this throughout the journey you and your children had with us. Pepperberry Day Nursery has a great Staff Team that are focused on continuously assessing and improving professional practice and accelerating children's learning and development, and I would like to take this opportunity to thank them all.

I am very proud of our nursery and the staff who work very hard to make the learning fun and exciting for our children. While the nursery is an important place for children's education, you as families have played an equally critical role in the development of your children. The partnerships Pepperberry Day Nursery has built with parents over the years has contributed significantly to making learning more interesting and effective for our children. We work as a team and strive to involve you as parents as much as possible in the learning of your children. Our nursery setting has a strong tradition of celebrating achievements and encouraging self-esteem, and our regular Assemblies and Graduation Ceremony are used to formally celebrate and reward our children's achievements. We would like to thank you for taking the time to attend these throughout the year and support our staff team and our children and would like to express my appreciation of your active contributions towards your children's education. I hope that the Graduation Ceremony was a great day for both you and your children and will stay in your child's memory as well as yours forever. We will treasure these moments and will miss all the children and families whose journey with Pepperberry has now come to an end, and we hope to hear from you in the future with updates of your children's achievements in school.

On a final note, I would like to wish all the Preschool children making their transition into Reception this year the very best at school.

Kind regards,  
Olimpia
